

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Please do not give away our shared public airwaves to the trash that passes for news. We need as many varying opinions and ideas as possible and what will happen to our so called democracy when it is in the hands of a few corporate overlords who only want to dumb us down and sell us products.
